# JESUS THE SON OF GOD GREATER THAN MANSON

*by Pastor Jack Glass*

On Monday 2nd June I, Pastor Jack Glass and members of our church Zion Baptist, picketed the Marilyn Manson concert which was held in the Braehead Arena, Glasgow. We had already demonstrated against Manson about two years ago when he had a concert in the Glasgow Green. Manson is a self confessed Satanist and a member of the church of Satan. His performance is a mockery of the Bible and he engages in sexual vulgarities. Tattooed on his arm is the picture of Satan, three dices all showing the number six (the number of antichrist) and the Satanic goat head. Manson is an evil influence on the gullible teenagers and others who attend his gigs.

We decided that Manson would not be allowed to exalt Satanism in Scotland and remain unopposed, so we protested. As I led our protestors towards the queue of Manson's supporters waiting to enter the concert arena, there was an uproar among the Mansonites. As we advanced with our gospel banners and picket boards bearing gospel texts and slogans such as **CHRIST GREATER THAN MANSON'S SATAN** it seemed all hell was let loose. We were bombarded with spittle, a bottle, and all sorts of abuse. At one point, I and a few others from the Church were cut off from the main body of our protestors. I was spat upon, threatened, and had a lit cigarette thrown into my hair but I, and those with me, stood firm for Christ. Through it all we sang the praises of Jesus as Lord over Manson's Satan. As we were singing the huge number of Mansonites tried to drown our singing with their evil chants, but Christ and his people got the victory. We overcame them by the blood of the Lamb and the word of our testimony. We were more than conquerors through Christ who led us in triumph. The Mansonites engaged in vulgar acts such as some of their women exposing their breasts and buttocks and acting like lesbians, while the Mansonite men also engaged in disgusting acts.

Pray for these Mansonite teenagers who bereft of Sunday School and Bible Class teaching in their earlier years, are open to the Satanism of Manson. Numerically we were outnumbered, but our smaller protest plus God was a spiritual majority. Greater was God in us than Satan in them. Indeed, **Jesus the Son of Man is greater than Manson.**
