ROMAN CATHOLICISM UNMASKED

by Pastor Jack Glass

For years the Roman Catholic Church either through well placed R.C. editors or blind liberals has had a favourable press while fundamentalist Bible Protestants have been labeled bigoted extremists. I speak from personal experience having been mostly on the receiving end of much detrimental publicity and the national spittle of an anti-Protestant Scottish Press

And who is this R.C. Church favourably viewed by the fawning scribes of the Press? It is the church of perverted paedophile priests. Rome boasts of the moral value of an R.C. education. Would you like to have your child taught by a priestly pervert, yet this could be possible, as Rome is now infamous for its child molestation by a corrupt clergy.

Hitler was a Romanist, as were many of the Nazi leaders. The structure of the Nazi leadership was based on the Vatican hierarchy. Let us not forget either the R.C. Spanish Inquisition under the leadership of Torquemada, the torturer of countless Protestants and Jews, and who sought to spiritually pervert them to Roman Catholicism. Again it was R.C. Southern Ireland who was Hitler's lickspittle during the last war, siding with him against Britain.

This is the R.C. Church which is always whining about being discriminated against as in the Bill of Rights and Act of Settlement which guarantee a Protestant Monarch.

With such a sorry despicable record like Rome's, no wonder people are suspicious of any kind of Roman leadership or rule. Rome is like a lamb when in the minority but like a lion when in the majority. Look at her proud triumphalism in claiming to be the only true church and her treating Protestant churches as mere ecclesiastical sideshows. The separated "Protestant" brethren are told they must return to self styled holy mother church.

You would do well to watch carefully the crafty movements of this R.C. ecclesiastical harlot or you will be trapped in the Jesuitical web of deceit.

Thank God for the R.C.s who have come to know Christ as their personal Saviour and have left the Roman harlot to join us in our church. They saw the Roman system was leading them to hell and they left a hopeless Pope for a Popeless hope. Now they sing "My hope is built on nothing less than Jesus' blood and righteousness". Pray that more R.C.s will follow in their train.
